

IMPORTANT INFORMATION ABOUT YOUR MEMBERSHIP TO THE S&SC

Did you know, that if you are retiring from the company or leaving for unpaid maternity or any unpaid leave of absence your membership to the **P&G Sports & Social Club** will stop?

This is due to the way in which the subscription is taken from your salary.

If you are unsure, check your salary slip each month to ensure your subscription is being taken. If you would like further help or guidance, please contact the membership secretary (Val Burt) who will be able to check if your membership is still valid.

On a final note, please also remember you can ONLY request tickets/events at members subsidised prices if you are currently paying membership. This also applies to any guest/partner tickets you purchase or events you attend. When you join the S&SC you specifically name your chosen partner on the application form. Only events/tickets purchased for this named partner can be obtained at the subsidised prices. Tickets/events for non-named guest must be purchased at the non-subsidised price (please note certain Children specific events may be exempt from this - the event organiser will be able to advise you at the time).

It has been brought to the attention of the company that people are requesting events/tickets at a subsidised price at times when they are not used by the paying member. Should this be identified the difference in cost will be liable by the primary member.

If you have any queries or concerns, please contact your section organisation or Sharon Tarbitt (Secretary).

Thanks and regards.

With kind regards.

Sharon
